CONFESSIONS OF AN ACTRESS.

All actresses confess that professional life nowadays is by no means a bed of roses. To be forced to play a part with a cheerful countenance when one is suffering from any kind of indisposition is very trying. Anyone who has suffered from indigestion knows how hard it is to accomplish anything during an attack. There is a dull heavy feeling in the head, and an indisposition to work. Even thinking is wearisome. Indigestion is one of the most common ills of today, and it is due in a great measure to the way in which the present generation live. We rush to our business, to our meals, our pleasures, and incidentally to our graves. We eat too much, too hurriedly, and too often the most indigestible food. Indigestion and dyspepsia (which are closely allied) assert themselves in various ways. A heavy feeling across the chest after eating, bad taste in the mouth, loss of appetite, and a slender complexion are all symptoms, and constipation, general debility and insomnia are often among the effects. One remedy is the frequent remedy to-day for all digestive troubles. Every lantern is a dose, and their great virtue lies in the fact that they act directly on the bowels; and do not purge or strain the bowels, therefore avoiding all vile after-effects that follow the use of nearly all purgative medicines sold to-day. They are an undoubted specific for Headaches, Indigestion, Constipation, Debility, Dyspepsia, Piles, Pimples, Female Ailments, Sallow Complexion, and all Liver Troubles, and may be obtained at any Chemist. Price 1s. 1d. per box.
