An Act to make provision with respect to the determination of wheat delivery quotas in respect of land used for the production of wheat and to give effect to such determinations and for matters incidental thereto.

[Assented to 11th December, 1969.]

WHEREAS by Acts of the Parliaments of the Commonwealth and of the States provision has been made with respect to the marketing of wheat and the stabilization of the wheat industry:

AND WHEREAS the scheme of marketing and stabilization established under those Acts is threatened because of the problems arising out of the storage and marketing of the large quantities of wheat produced in the season that commenced on the 1st day of October 1968:

AND WHEREAS the Australian Wheat Growers Federation has resolved amongst other things that it is essential that an advance payment of not less than one dollar and ten cents be made in respect of wheat received by the Australian Wheat Board and that an equitable system to regulate the amount of wheat that is to be delivered into storage in the season commencing on the 1st October, 1969, hereinafter called “the 1969-1970 season”, should be implemented to enable proper advances to be paid:

AND WHEREAS the maximum amount that the Reserve Bank of Australia is prepared to make available for the making of advances to wheat growers in the 1969-1970 season and the expenses incurred by the Australian Wheat Board in connection with the operation of the system is four hundred and forty million dollars:
1969  Wheat Delivery Quotas Act, 1969.  No. 96

AND WHEREAS the Commonwealth Minister of State for Primary Industry and the Ministers of State responsible for Agriculture in the several States of the Commonwealth have agreed that the total amount of wheat that may be accepted into storage on behalf of the Australian Wheat Board, on which the said advance payment of one dollar and ten cents shall be made, should be limited to three hundred and fifty-seven million bushels and that the total amount that should be so accepted in South Australia in respect of wheat grown in South Australia should be forty-five million bushels:

AND WHEREAS it is expedient to make provision with respect to the determination of wheat delivery quotas in respect of land used for the production of wheat and to give effect to a scheme that will give priority to the marketing of wheat which is received by the Australian Wheat Board in accordance with the system of quotas so established:

PART D.
DIVISION II.

Composition of wheat delivery quotas.

22. The wheat delivery quota allocated in respect of any production unit for the quota season which commenced on the first day of October, 1969, shall be the aggregate of the amount of wheat represented by the basic quota and the amount of wheat represented by the special quota, if any, allocated in respect of that production unit.

23. (1) The portion of the wheat delivery quota in respect of a production unit represented by the basic quota shall be an amount of wheat—

   (a) being the prescribed percentage of the average annual deliveries to a licensed receiver of wheat produced from that production unit during the prescribed period;

   or

   (b) ascertained by reference to subsection (2) of this section, whichever is the greater.

(2) The portion of the wheat delivery quota allocated in respect of a class A, class B or class C production unit represented by the basic quota may be an amount of—

   (a) in respect of a class A production unit, four thousand bushels or one-third of the estimated yield whichever is the less;

   (b) in respect of a class A production unit the owner of which is a traditional wheat grower, six thousand bushels or one-half of the estimated yield whichever is the less;

   (c) in respect of a class B production unit, six thousand bushels or one-half of the estimated yield whichever is the less;

   and

   (d) in respect of a class C production unit, seven thousand five hundred bushels or six-tenths of the estimated yield whichever is the less.

(3) In this section—

“class A production unit” means a production unit from which no wheat was delivered to a licensed receiver in respect of any of the seasons comprised in the prescribed period;

“class B production unit” means a production unit from which wheat was, during the prescribed period, delivered to a licensed receiver only in respect of one
or more of the last three seasons comprised in the prescribed period where, in the opinion of the Advisory Committee, all or portion of the land comprised in the production unit was being developed for wheat growing:

“class C production unit” means a production unit (not being a class B production unit) from which wheat was, during the prescribed period, delivered to a licensed receiver only in respect of one or more of the last four seasons comprised in the prescribed period or in respect of each of the five seasons comprised in the prescribed period, where, in either case, in the opinion of the Advisory Committee all or portion of the land comprised in the production unit was being developed for wheat growing:

“the estimated yield” in relation to a production unit situated wholly within a Hundred means an amount expressed in bushels of wheat obtained by multiplying the number of acres of that production unit sown to wheat for harvesting during the season commencing on the first day of October, 1969, by a number equal to the number of bushels determined by the Advisory Committee as being the average yield of wheat expressed in bushels of wheat per acre sown in that hundred:

“the prescribed percentage” means the prescribed percentage determined by the Advisory Committee for the purposes of this section:

“traditional wheat grower” means a person who during not less than four of the seasons comprised in the prescribed period was engaged in the production of wheat either as the owner of land or as the share-farmer of land and who derived a significant portion of his income from that production.

(4) For the purposes of subsection (3) of this section, where a production unit is situated in more than one Hundred or where all or portion of the production unit is situated outside any Hundred the “estimated yield” in relation to that production unit means an amount expressed in bushels of wheat obtained by multiplying the number of acres sown to wheat for harvesting during the season commencing on the first day of October, 1969, by a number determined by the Advisory Committee, for the purposes of determining the estimated yield of that production unit.
24. (1) The amount of a wheat delivery quota in respect of a production unit represented by the special quota shall be fixed by the Advisory Committee and in so fixing that amount the Advisory Committee—

(a) shall have regard to—

(i) the amount of wheat available for allocation as special quotas from the contingency reserve;

(ii) the diminution of the amount of wheat produced from the production unit as a consequence of two or more adverse seasons comprised in the prescribed period;

(iii) the diminution of the amount of wheat produced from the production unit as a consequence of the occurrence during the prescribed period of an insurable contingency;

(iv) the amount of wheat produced from the production unit in the prescribed period that was, with the approval of the Board, delivered to a person other than the Board;

and

(v) the amount of wheat produced from the production unit in the prescribed period that was delivered to a licensed receiver within the meaning of an Act, relating to deliveries of wheat, of any State other than this State;

and

(b) subject to subsection (2) of this section may have regard to any other matter which in its opinion—

(i) was not within the control of the person for the time being responsible for the production of wheat from the production unit during the prescribed period;

and

(ii) has diminished the amount of wheat that otherwise would have been produced from that production unit during the prescribed period.

(2) In fixing the special quota referred to in subsection (1) of this section the Advisory Committee shall not have regard to—
(a) the diminution of the amount of wheat produced from the production unit as the consequence of only one adverse season comprised in the prescribed period;

or

(b) the diminution of the amount of wheat produced from the production unit as a consequence of the occurrence during the prescribed period of—

(i) frost;

or

(ii) any disease or pest affecting the production of wheat.

(3) For the purposes of this section an "adverse season" in relation to a production unit means a season in which by reason of abnormally high rainfall or abnormally low rainfall the amount of wheat that would otherwise be produced from that production unit has in the opinion of the Advisory Committee been substantially diminished.

25. Where after the allocation of a wheat delivery quota in respect of a production unit, the Advisory Committee has reason to believe that all or portion of the land comprised in the production unit has been transferred (whether that transfer occurred before or after that allocation) the Advisory Committee may—

(a) reduce the wheat delivery quota so allocated by such amount as it considers just having regard to the likely diminution of the production of wheat from the production unit occasioned by that transfer and for the purposes of this Act and of any proceedings under this Act the wheat delivery quota as reduced shall have effect as if it were the wheat delivery quota allocated by the Advisory Committee in respect of that production unit;

and

(b) notwithstanding anything in section 21 of this Act upon application allocate a wheat delivery quota in respect of a production unit comprised of the lands so transferred.

Incorporated notice in writing within the time specified in the notice (being not less than two weeks) to submit to the Minister the name of a person for the purposes of an appointment under paragraph (b) of subsection (1) of this section and that organization fails to submit to the Minister such a name within the time so specified, the Governor may on the nomination of the Minister appoint a person to be a member of the Review Committee and the person so appointed shall, for all purposes, be deemed to have been appointed under that paragraph.

(4) Every member of the Review Committee shall, subject to this Act, hold office as such until the day expressed in the instrument of his appointment as being the day on which he shall cease to hold office but a member appointed to fill a casual vacancy in the office of a member shall hold office only for the unexpired portion of the term of office of the member in whose place he was appointed.

(5) On the expiration of his term of office as a member a person appointed as a member of the Review Committee shall, subject to subsection (1) of this section, be eligible for re-appointment.

33. (1) Subject to subsection (2) of section 32 of this Act, the Governor may, as occasion requires, appoint such a person as he considers fit and proper to act in the place of a member of the Review Committee during that member's absence or incapacity.

(2) During the absence or incapacity of a member of the Review Committee, the person appointed, in accordance with subsection (1) of this section, to act in his place shall be entitled to act in the place of that member and, when so acting, shall be deemed to be a member of the Review Committee and, in the case of a person appointed to act in the place of the chairman of the Review Committee, shall be deemed to be the chairman of the Review Committee.

(3) An appointment under subsection (1) of this section of a person to act in the place of a member of the Review Committee and the exercise by the person of any of his powers and functions shall not be questioned on the ground that the occasion for the appointment or for the exercise of those powers or functions had not arisen or had ceased.

34. The Governor may, by notice in writing served on a member of the Review Committee, remove the member from office on grounds of misconduct or incapacity to perform his duties or functions as a member.
35. The office of a member of the Review Committee shall become vacant if—

(a) he dies;

(b) he resigns by written notice given to the Minister;

(c) he is removed from office by the Governor pursuant to section 34 of this Act;

(d) he is absent without leave of the Minister from four consecutive meetings of the Review Committee;

or

(g) he is convicted of any other offence and receives a notice in writing from the Minister discharging him from office on the ground of that conviction.

37. (1) The Review Committee may appoint a person to be secretary to the Review Committee.

(2) The office of secretary to the Review Committee may be held in conjunction with the office of secretary to the Advisory Committee.

(3) The secretary to the Review Committee shall have and may exercise, perform and carry out such powers, functions and duties as are conferred on him by or under this Act or as are directed to be exercised, performed or carried out by the Review Committee.

and the Advisory Committee shall as soon as practicable after receiving notice of the determination give effect to the determination.

(3) Where the Review Committee is satisfied, on such evidence as it thinks fit, that the amount of wheat represented by a wheat delivery quota allocated in respect of a production unit is less than the amount of wheat the proceeds from the sale of which, when aggregated with all other proceeds from the utilization of the lands comprised in the production unit directly or indirectly available to the holder of the wheat delivery quota, would be sufficient to maintain the economic viability of the production unit, the Review Committee may direct the Advisory Committee to alter the amount of wheat represented by that wheat delivery quota by increasing that amount to an amount specified in the direction and the Advisory Committee shall give effect to that direction.

(4) The Review Committee shall not give a direction to the Advisory Committee to alter the amount of a wheat delivery quota allocated pursuant to this Act by increasing the amount of wheat represented by that wheat delivery quota unless the Review Committee is satisfied that there is available for distribution from the contingency reserve an amount equal to that increase.

(5) Where pursuant to a direction of the Review Committee the Advisory Committee alters the amount of a wheat delivery quota allocated pursuant to this Act in respect of a production unit, for all purposes the wheat delivery quota as altered shall be deemed to be and always to have been the wheat delivery quota so allocated by the Advisory Committee in respect of that production unit.

(2) Any sum so ordered to be paid by the appellant may be sued for and recovered by the Advisory Committee as a debt due to it.

40. (1) An appeal to the Review Committee shall be instituted by lodging with the secretary of the Review Committee within one month after the day on which the appellant received notice or was deemed to have received notice of the act or decision of the Advisory Committee appealed against, two copies of a notice containing the particulars referred to in subsection (2) of this section and the Review Committee shall not deal with an appeal unless that appeal is instituted in substantial accordance with this subsection.

(2) Subject to this Act, the procedure for determining an appeal shall be as determined by the Review Committee and the Review Committee may sit in public or in private or partly in public and partly in private as it determines.

(3) Subject to this section, any two members of the Review Committee of whom the chairman of the Review Committee shall be one, shall be competent to determine any appeal before the Review Committee and shall have and may exercise all the powers, duties, functions and authorities of the Review Committee.

(4) A determination concurred in by any two members of the Review Committee of whom the chairman of the Review Committee shall be one shall be a determination of the Review Committee.

(5) If at the hearing of an appeal only two members are present and they are unable to concur in the determination of the appeal the matter shall be postponed until all the members are present when it shall be re-heard and determined by the Review Committee.

(6) The chairman shall preside at all hearings of the appeals before the Review Committee.
42. (1) The Review Committee shall determine each appeal in such manner as it thinks proper having regard to all matters which in its opinion are relevant.

(2) In any appeal it shall lie upon the appellant to show that on the balance of probabilities the act or decision appealed against is—

(a) based on a mistake of fact;
or

(3) The Review Committee may—

(a) by notice in writing signed by the secretary to the Review Committee acting under the direction of the chairman of the Review Committee or by any member of the Review Committee require any person to attend before the Review Committee at any time and place specified in the notice and give evidence before the Review Committee or produce to the Review Committee any books or documents specified in the notice touching any matter relating to an appeal;

and

(c) examine witnesses on oath or affirmation which may be administered by the secretary to the Review Committee or any member of the Review Committee.

(4) Any person who, being served with a notice referred to in subsection (3) of this section, neglects or refuses to obey any requirements stated therein shall be guilty of an offence and liable to a penalty not exceeding one hundred dollars.

Except as provided in subsection (2) of section 48 of this Act, and subject to this Act and the Bulk Handling of Grain Act, 1955-1969, a wheat delivery quota shall entitle the holder thereof to deliver wheat of a season produced from a production unit to the South Australian Co-operative Bulk Handling Limited or any other licensed receiver up to the quantity of wheat specified in that wheat delivery quota allocated in respect of the production unit for that season.

46. Delivery of quota wheat and over-quota wheat shall be made in accordance with directions from time to time given by the South Australian Co-operative Bulk Handling Limited and not otherwise.

47. Except under and in accordance with a direction of the Minister, a person shall not deliver or attempt to deliver to a licensed receiver any non-quota wheat.

Penalty: One thousand dollars.

48. (1) The Board shall treat as delivery of wheat included in a wheat delivery quota allocated in respect of a production unit for a quota season (in this section referred to as “the relevant season”) the delivery to a licensed receiver of over-quota wheat of a previous quota season (not being wheat delivered during that previous season and declared by the Board to have been sold and paid for in full during that previous season) being wheat—

(a) produced from that production unit and delivered during the previous quota season or the relevant season;

or

(b) produced from the production unit in respect of which the wheat delivery quota is allocated and delivered by the holder of a wheat delivery quota allocated in respect of that production unit for that previous season while he was such a holder,

to the extent that the amount of that over-quota wheat does not exceed the wheat delivery quota allocated in respect of that production unit for the relevant season less any wheat of the
relevant season delivered by the holder of the wheat delivery quota allocated in respect of that production unit pursuant to section 45 of this Act before that over-quota wheat was delivered.

(2) The quantity of wheat that may be delivered by a holder of a wheat delivery quota pursuant to section 45 of this Act shall be reduced by the quantity of over-quota wheat that is, pursuant to subsection (1) of this section, treated by the Board as being included in that wheat delivery quota.

49. (1) Where in relation to a production unit the Advisory Committee is of the opinion that the amount of wheat that can be delivered from that production unit will be less than the amount of wheat represented by the wheat delivery quota allocated in respect of that production unit the Advisory Committee shall forthwith by notice served by post on the holder of that wheat delivery quota reduce that wheat delivery quota by an amount (in this section referred to as a "short fall") by which the amount represented by the wheat delivery quota exceeds the amount that can be delivered and the wheat delivery quota as so reduced shall for all purposes be deemed to be the wheat delivery quota allocated in respect of that production unit.

(2) The Advisory Committee or the Review Committee may deal with the amount of wheat represented by any short fall as if it were part of the contingency reserve.

(3) In the allocation of a wheat delivery quota in respect of a production unit for a quota season which follows a quota season in which the wheat delivery quota allocated in respect of that production unit was, pursuant to subsection (1) of this section, reduced, regard shall be had to the amount by which that wheat delivery quota was so reduced.

(2) For the purposes of this Act, a delivery of wheat under and in accordance with an approval for the time being in force under subsection (1) of this section as part of a wheat delivery quota allocated in respect of a production unit shall be deemed to be a delivery of wheat produced from that production unit.
PART IV.

MISCELLANEOUS.

53. (1) Where the approval of the Board is obtained for the delivery of wheat to a person other than a licensed receiver and that wheat is produced or proposed to be produced from a production unit in respect of which a wheat delivery quota has been applied for or allocated, the applicant or holder, as the case may be, of that wheat delivery quota, shall not fail to forthwith inform the Advisory Committee of the amount of wheat the delivery of which was so approved.

Penalty: One thousand dollars.

(2) The Advisory Committee may, in relation to an amount of wheat the subject of an approval referred to in subsection (1) of this section and whether or not it has been informed of that approval pursuant to that subsection—

(a) if a wheat delivery quota has not been allocated in respect of a production unit, from which the amount of wheat is proposed to be produced, reduce the wheat delivery quota that would otherwise be so allocated by an amount of wheat equal to the amount of wheat the subject of that approval; or

(b) if a wheat delivery quota has been allocated in respect of that production unit, reduce that wheat delivery quota by the amount of wheat the subject of that approval and for all purposes the wheat delivery quota as reduced shall be deemed to be the wheat delivery quota allocated by the Advisory Committee pursuant to this Act.

54. (1) Where in the opinion of the Advisory Committee there remains in the contingency reserve an amount representing an amount of wheat that will not be required to be allocated by the Advisory Committee—

(a) to give effect to a direction of the Review Committee; or

(b) by way of a special quota,

the Advisory Committee may by notice served by post on the holder of a wheat delivery quota allocated in respect of a production unit increase the amount of that wheat delivery
quota by an amount or percentage specified in the notice and except as provided in subsection (2) of this section the wheat delivery quota as so increased shall for all purposes be the wheat delivery quota allocated in respect of that production unit by the Advisory Committee pursuant to this Act.

(2) In the allocating of a wheat delivery quota in respect of a production unit for a quota season which follows a quota season in relation to which, pursuant to subsection (1) of this section, the wheat delivery quota allocated in respect of that production unit was increased, no regard shall be had to the amount of that increase.

55. Where in relation to a production unit in respect of which a wheat delivery quota has been allocated there is a share-farming agreement relating to the wheat produced or proposed to be produced from that production unit or portion of that production unit then, subject to anything contained in that agreement, the share-farmer, in respect of the wheat produced from that production unit which is delivered to a licensed receiver as quota wheat or which is pursuant to section 48 of this Act subsequently treated by the Board as included in a wheat delivery quota, shall be entitled to sue for and recover from the holder of the wheat delivery quota allocated in respect of that production unit as a debt due to him from that holder the proportion of the proceeds from the sale of that wheat calculated in accordance with the following formula:—

\[
\frac{b}{c} = \frac{a}{d}
\]

where—

\(a\) = the amount of wheat, portion of the proceeds of the sale of which, the share-farmer shall be entitled to sue for and recover;

\(b\) = the amount of wheat that the share-farmer is, pursuant to the share-farming agreement, entitled to retain or sell on his own behalf;

\(c\) = the total amount of wheat produced from the production unit in the season to which the share-farming agreement applies;

\(d\) = the amount of wheat produced from the production unit which is delivered to a licensed receiver as quota wheat or is pursuant to section 48 of this Act subsequently treated by the Board as included in a wheat delivery quota.
56. Where the Board has, pursuant to any Act, whether an Act of this State or otherwise, made a payment in respect of any quota wheat and the allocation of the wheat delivery quota against which that wheat was delivered is subsequent to that payment rendered void and of no effect, the Board may sue for and recover, as a debt due to the Board, from the person to whom that payment was made an amount equal to the difference between the payment and the amount, if any, that would have been payable to that person in respect of that wheat if that wheat were non-quota wheat.

57. For the purposes of this Act and of any proceedings under this Act—

(a) a certificate purporting to have been issued by the Advisory Committee shall be evidence that the amount of wheat referred to in the certificate is a wheat delivery quota or, as the case may be, a portion of a wheat delivery quota allocated by the Advisory Committee;

and

(b) a certificate purporting to be signed by the secretary to the Advisory Committee or purporting to be signed by the chairman of the Advisory Committee to the effect that—

(i) a particular wheat delivery quota has been varied in a particular manner or the allocation of a particular wheat delivery quota has been rendered void and of no effect;

or

(ii) a particular person is or is not the holder of a wheat delivery quota or that a wheat delivery quota has or has not been allocated in respect of any particular land,

shall be evidence of the facts stated therein.

58. Proceedings for an offence against this Act or against any provision of this Act shall be disposed of summarily.

59. The Advisory Committee, the Review Committee, the former committee, any member of any of those committees or any person shall not be liable for any act or omission done or omitted to be done in good faith in the exercise and performance or the purported exercise and performance of any power or function conferred on it or him by or under this Act.
60. The costs and expenses incurred in the administration and operation of this Act shall be paid by the South Australian Co-operative Bulk Handling Limited as part of the exercise of its powers and functions as a licensed receiver.

61. The Governor may make regulations not inconsistent with this Act which may be necessary or convenient for carrying this Act into effect or for facilitating the operation or administration of this Act.

In the name and on behalf of Her Majesty, I hereby assent to this Bill.

J. W. HARRISON, Governor.
