Declarations for purposes of this Part

5. (1) The Governor may, by proclamation, declare for the purposes of this Part—

(a) that a provision of section 6 applies to a class of electrical products;

(b) that a standard or part of a standard is (with or without modification) a safety and performance standard or an energy performance standard applicable to a class of electrical products (a safety and performance standard or an energy performance standard).

(2) The Governor may, by proclamation, vary or revoke a proclamation previously made under this section.

(3) A proclamation under this section may refer to a standard as in force at a specified time or as in force from time to time.
