15. In addition to the prescribed tolls for the conveyance of articles, the said Commissioner may charge a reasonable sum for loading and unloading: Provided always, that the owners of goods shall be at liberty to employ their own servants for loading and unloading, subject to the regulations in force for the time being for the working of the said tramway; with respect to all articles, except stone and timber, the weight shall be determined according to the usual avoirdupois weight; with respect to stone and timber, fourteen cubic feet of stone, and forty cubic feet of hard wood, and fifty cubic feet of other timber shall be deemed one ton weight, and so on in proportion for any smaller quantity: Provided that any less quantity than half a ton may be charged as half a ton.

22. Out of the moneys by this Act authorized to be raised, the sum of Seven Thousand Seven Hundred and Forty-eight Pounds may be laid out and expended by the Commissioner of Public Works in and about such works as may be necessary for the purpose of deepening the channel from Port Wakefield to the sea, and in and about the erection of wharfs at the terminus of the said tramway in Port Wakefield aforesaid.
