INDUSTRIAL EXHIBITION.

The Premier, Mr. Dunstan, today described the Industrial Exhibition in Penang as an outstanding success.

More than 90 companies are taking part in the Exhibition, which is one of the highlights of Adelaide Week in Penang.

"The industrial exhibition is crucial to our development of trade and manufacturing links with Penang. Those links, in turn, are very important for the future growth of the South Australian economy," Mr. Dunstan said.

"The South Australian Government wants security of employment in our State through diversity of industry. The people of Malaysia also want to strengthen their country's industrial base.

"The two objectives can be satisfied to our mutual advantage. It is important for South Australia to expand the markets we have developed previously, but it is equally as important that commercial and industrial undertakings are truly joint ventures.

"Through the system of mirror companies, we have ensured that both sides benefit. Our links with Penang and Malaysia are unique, the harmony and co-operation exceptional.

"The companies who have taken part in our Industrial Exhibition are involved in a wide range of industries, ranging from heavy engineering to consumer products and foodstuffs.

"The number of firms participating in the Exhibition, and the enthusiasm of their representatives clearly shows the interest of South Australian industry in promoting trade, joint ventures and manufacturing licencing agreements with Malaysian partners".
