STATEMENT FROM THE PREMIER, MR. DUNSTAN.

SUNDAY MAIL.

16.2.73

The appointment of planning consultants for Adelaide is a move of immense importance to the City and metropolitan area as a whole.

It provides an opportunity for development, change and innovation.

It gives us the opportunity to achieve in this city in the 1970's planning of the quality given to it by Colonel Light in the 1830's, but applied to our needs now.

But in any planning it is vital that we remember it is people that matter, not the plan.

I believe it is essential - as Mr. Hignett and his team are obviously aware - that there be the highest level of community consultation in the planning process.

In this all people who have a stake in the city, the resident pensioner or householder should have an equal voice with the managing director and accountant.
