The list of metropolitan service stations which would receive regular petrol deliveries during the period of restriction to supply holders of essential service permits was released today.

The Premier, Mr. Dunstan, said all service stations with supplies could, of course, continue to supply to permit holders if they had stocks.

Obviously, under the emergency legislation, the designated stations or others could not sell petrol generally.

The distinction was that the designated stations would receive regular deliveries.

The service stations nominated were spread through the metropolitan area to ensure the maximum possible convenience to permit holders.

The service stations are:-
