4. Whenever any main or district road is intersected by any navigable waters any local authority may, subject to the approval of the Treasurer, establish a ferry for public convenience.

5. Every local authority may make and construct a ferry across any river, creek, stream, lake, or tidal waters, and may lay down and place cables, wires, chains, and other appliances, and may make and construct such wharves, retaining walls, causeways, embankments, canals, landing stages, and all other works considered by them necessary, and may make and construct all punts, barges, and ferry boats to be worked by steam power or otherwise, and erect and place such masts, posts, and other necessary plant for carrying on and working the ferry.

All such regulations shall be approved by the Governor in Council, and published in the Government Gazette, before coming into operation. All regulations made under the authority of this Act shall be laid before both Houses of Parliament within twenty-one days after the same have been made, or if Parliament be not then sitting, within twenty-one days after the commencement of the next ensuing session thereof; and if an address be presented to the Governor by either House of Parliament within the next subsequent twenty-one days on which the said House shall have sat, praying that the regulations, or any portion thereof, may be annulled, the Governor shall thereupon annul such regulations, or any portion thereof,

11. The local authority, or any person lawfully acting on their behalf, in charge of any ferry, may detain any cattle or goods and chattels of any person using a ferry until all tolls and fares due by such person have been paid and satisfied.

12. If any person shall neglect or refuse to pay any toll, fare, or charge for using any ferry payable under the regulations aforesaid, or shall be guilty of any evasion, or attempt at evasion, of the payment of such toll, fare, or charge for the use of such ferry, every such person shall for every such offence forfeit and pay any sum not exceeding Five Pounds.

13. If any person hire, or employ or ply for hire, with a view of evading the provisions of this Act, any punt, barge, boat, or other vessel for the carrying across any river, creek, stream, lake, or tidal waters where any ferry has been established by any local authority, or under the control thereof, or within one mile of such ferry, he shall for every such offence forfeit and pay a sum not exceeding Twenty Pounds: Provided always that this section shall not apply to any licensed waterman plying across any tidal waters within the limits of any port or harbor within the province.

14. Every local authority shall place and cause to be kept on some conspicuous part of the ferry a printed list of the tolls and fares payable under the regulations, and, if leased, the name of the lessee.

16. Every lessee during the continuance of any such letting, or any person by him appointed, may demand, take, have, and receive all such tolls and fares made and approved as aforesaid, and may enforce the recovery thereof in the same manner and by the same ways and means as the local authority could have done if the ferry had not been let.

17. Any person who shall unlawfully and maliciously cut, break, throw down, destroy, injure, or damage any ferry, or any part thereof, or any matter or thing whatsoever, being part of or being used

18. Every ferry, punt, barge, or ferry-boat crossing any navigable water between sunset and sunrise shall carry one or more bright lights in some prominent part thereof, not less than four feet above the surface of the water.

19. All fines and penalties for any offence against this Act, or any regulation made by any local authority in pursuance of this Act, may be recovered in a summary way before any Special Magistrate or two or more Justices of the Peace, and all fines, penalties, and moneys recovered shall be paid and appropriated to the use of the local authority as part of the general revenue of such local authority.

20.
