WHEREAS the construction, maintenance, and working of a tramway for horse traction in and between certain parts of the City of Adelaide and the Town of Goodwood, and places suburban thereto, in such a manner as not to impede or injure ordinary traffic, would be of great local and public advantage: And whereas a Joint Stock Company has been lately registered and incorporated under "The Companies Act, 1864," by the name of the "Adelaide and Goodwood Tramway Company, Limited," with the objects (amongst others) of constructing, maintaining, and working such tramway as is hereinbefore referred to, and of obtaining an Act of the Parliament of South Australia for empowering and better enabling the Company to carry out its objects: And whereas the said Company is willing, at its own expense, to construct, maintain, and work the said tramway in manner hereinbefore mentioned, but the authority of Parliament is requisite to enable the Company so to do, and it is therefore desirable to confer on the Company all rights, powers, privileges, and immunities necessary or convenient for the construction, maintenance, and working of such tramway—Be it therefore Enacted by the Governor of the Province of South Australia, with the advice and consent of the Legislative Council and House of Assembly of the said province, in this present Parliament assembled, as follows:

17. The Company shall not, without the consent of the street authority thereof, open or break up at any one time and place a greater length than fifty yards of any street, and they shall leave an interval of at least one hundred yards between any two places at which they shall open or break up any street at the same time.

i. The street authority shall cause as little detriment or inconvenience to the Company as circumstances will admit:

ii. Before commencing any work whereby the traffic on the tramways may be interrupted, or whereby the safety of any persons using the tramway may be endangered, the street authority shall (except in cases of urgency, in which cases no notice shall be necessary) give to the Company notice of their intention to commence such work, specifying the time at which they will commence, and which shall not be earlier than forty-eight hours after the time of the giving of such notice:

iii. If the street authority for the purpose of enabling them to execute the work shall so require, by any notice given as aforesaid, the Company shall either stop their traffic on that portion of the tramway where it would otherwise interfere with such work, or shore up and secure the same at their own risk and cost during the execution of the work, and the street authority shall thereupon complete the work with all reasonable expedition:

iv. If it shall become necessary to remove the tramway from any part of any street to enable any such work to be effected, it shall be lawful for the Company to lay down the tramway so removed in some adjacent and convenient position, and after such work shall have been effected to replace the tramway in its original position, and the cost of such laying down and replacing shall be borne by the street authority of the street where the same is effected.

21. Nothing in this Act contained shall take away any power for the time being vested in any persons to open or break up any street on which the tramway shall be laid for any necessary purpose of laying down, repairing, altering, removing, examining, or inspecting any pipes for the supply of gas or water, or any tubes, wires, or apparatus for telegraphic or other purposes; but in the exercise of such
such power such persons shall be subject to the following restrictions—

III. They shall not execute such work, so far as it immediately affects the tramway, except under the superintendence and to the reasonable satisfaction of the Company, unless the Company refuse or neglect to give such superintendence at the time specified in the notice for the commencement of the work, or discontinue the same during the work:

IV. If it shall become necessary to remove the tramway from any part of any street to enable any such work to be effected, it shall be lawful for the Company to lay down the tramway so removed in some adjacent and convenient position, and after such work shall have been effected to replace the tramway in its original position, and the cost of such laying down and replacing shall be borne by such persons.

22. For the purpose of making, forming, laying down, maintaining, repairing, or renewing their tramway, the Company may from time to time, where and as far as it is necessary, alter the position of any mains or pipes for the supply of gas or water, or any tubes, wires, or apparatus for telegraphic or other purposes, subject to the following restrictions, that is to say—

1. If it should appear to any such person that the construction of the tramway as proposed would endanger the same, or interfere with or impede the supply of water or gas, or the telegraphic or other communication, such person may give notice to the Company to lower or otherwise alter the position of the said mains or pipes, tubes, wires, or apparatus, in such manner
manner as may be considered necessary. 111. The Company shall not lay down such pipes contrary to the regulations of any Act of Parliament relating to such water, or gas, or other Company, or relating to telegraphs.

23. Where the tramway or any other work connected therewith interferes with any sewer, drain, watercourse, defence, or work under the jurisdiction or control of the Corporation of the City of Adelaide, or the street authority, or with any sewers or works to be made or executed by the said Corporation or street authority, or in any way affects the sewerage or drainage of the district under their or any of their control, the Company shall not commence any tramway or work until they shall have given to the street authority fourteen days' previous notice, in writing, of their intention to commence the same, by leaving such notice at the principal office of such street authority for the time being, with all necessary particulars, nor until such street authority shall have signified their approval of the same, unless they do not signify their approval, disapproval, or other directions within fourteen days after service of the said notice and particulars as aforesaid; and the Company shall comply with and conform to all reasonable directions
directions and regulations of such authority in the execution of the said works, and shall provide new, altered, or substituted works in such manner as the said street authority shall reasonably require for the proper protection of and for preventing injury or impediment to the sewers and works hereinbefore referred to, or by reason of the tramways, and shall save harmless the street authority against all and every expense to be occasioned thereby, and all such works shall be done under the direction, superintendence, and control of the engineer or other officer or officers of the street authority, at the reasonable costs, charges, and expenses in all respects of the Company, and when any new, altered, or substituted work as aforesaid, or any work or defence connected therewith, shall be completed by or at the costs, charges, or expenses of the Company under the provisions of this Act, the same shall thereafter be as fully and completely under the direction, jurisdiction, and control of the street authority, and be maintained by them, as the case may be, as any sewers or works now or hereafter may be.

24. The Company shall be answerable for all accidents, damages, and injuries happening through the act or default of the Company, or of any person in their employment, by reason or in consequence of any of the works of the Company, and shall indemnify all street authorities and persons from all damages and costs in respect of such accidents, damages, and injuries.

25. The powers of the Company for the compulsory purchase of lands for the purposes of this Act shall not be exercised after the end of three years from the passing of this Act.

26. The tramway shall be constructed, fit for traffic, within two years from the passing of this Act, or within such further time, if any, not exceeding twelve months from the end of such two years, as the Governor may see fit to allow, and upon the expiration of the said two years, or of such further time (if any) as may have been allowed as aforesaid, the powers by this Act granted to the Company for constructing the tramway shall cease to be exercisable.

If the Company abandon their undertaking or any part of the same, and take up the tramway or part of the tramway belonging to them, they shall with all convenient speed and in all cases within six weeks at the most (unless the said street authority otherwise consents in writing) fill in the ground and make good the surface, and to the satisfaction of the said street authority restore the portion of road upon which such tramway was laid thereon, and clear away all surplus paving or metalling material or rubbish occasioned by such work; and they shall in the meantime cause the place where the street is opened or broken up to be fenced and watched, and to be properly lighted at night: Provided always, that if the Company fail to comply with the provisions of this section, the street authority, if they think fit, may themselves at any time after seven days' notice to the Company, open and break up the road, and do the work necessary for the paving, repair, and maintenance of the road to the extent in this section above mentioned instead of the Company, and the expense incurred by the said street authority in so doing shall be repaid to them by the Company.

29. The cars of the Company shall be drawn by horses, and each car shall be furnished with a brake which can be worked at each end of such car, and no car shall extend beyond the outer edge, of its wheels more than eleven inches at each side, and no car shall travel on the tramway at a speed greater than shall be allowed by law, or by the by-laws of the street authority of the street in which such car shall be travelling; and any person driving any car on the tramway at a greater speed shall be liable to a penalty not exceeding Five Pounds, or be imprisoned and kept to hard labor for any period not exceeding six calendar months.

32. The Company and any other person may from time to time make and enter into and carry into effect contracts, agreements, and arrangements for or with reference to the use by such other person of the tramway, and the tolls, rates, and charges to be paid for such use, and the terms and conditions of such user and all incidental matters.

35. Every passenger travelling upon the tramway may take with him his ordinary personal luggage without any charge being made for the carriage thereof, but so that the weight of such luggage shall not exceed twenty pounds.

36. The Company shall not be bound, unless they shall think fit, to carry any animals whatever, nor any goods other than passengers' luggage, not exceeding the weight mentioned in the last preceding section.

37. A list of all the tolls and charges authorised by this Act to be taken, and which shall be demanded by the Company, shall be exhibited in some conspicuous place in the inside of each of the cars used by the Company upon the tramway.

38. The tolls and charges authorised by this Act to be taken, and which shall be demanded by the Company, shall be paid to such persons and at such places upon or near the tramway, and in such manner and under such regulations as the Company shall by notice to be annexed to the list of tolls appoint.

his fare for the additional distance, or shall attempt to avoid pay-

point to which he has paid his fare to quit such car, every such
person shall for every such offence forfeit to the Company a sum not
exceeding Forty Shillings.

and all persons called by him to his assistance, to seize any person
who shall be discovered to be committing any offence in the pre-

unknown to such officer or servant, and to detain such person until
he can be conveniently taken before a Justice, or until he be other-
wise discharged by due course of law.

41. No person shall carry on the tramway any aquafortis, oil of
vitriol, gunpowder, or other goods which may be of a dangerous
nature; and if any person shall carry such goods on the tramways
he shall forfeit any sum not exceeding Twenty Pounds for every
such offence, and it shall be lawful for any authorised servant of the
Company, or any constable or Justice of the Peace, to require any
parcel that they may suspect to contain any such goods to be opened
in order to ascertain the fact.

42. The restrictions in this Act contained as to the tolls and
charges which the company may demand and take for the convey-
ance of passengers shall not extend to any special car, but shall
apply only to the ordinary cars appointed by the Company from
time to time for the conveyance of passengers.

43. If, at the time after the tramway shall have been for one
year opened for public traffic, it shall be represented in writing to
the Governor by the street authority of any street in which the
tramway is laid that, in the opinion of such street authority, the
tramway, or some specified part thereof, is dangerous or incon-

following provisions shall have effect—

1. The Governor may, by order under his hand, require the
Company to remove or modify the tramway or the part
thereof specified as aforesaid:

11. If the Company, within one calendar month after the ser-

common seal to the Governor, that they desire that the
question as to the necessity or expediency of the removal
or modification ordered shall be referred to the decision
of an arbitrator to be appointed by the Governor, the ques-

iii. Within six calendar months after service upon the Company of the order of the Governor directing the removal or modification of the tramway, or if the Company shall have given notice as aforesaid of their desire that the question as to the necessity or expediency of such removal or modification should be referred, then, within six calendar months after the publication of the award of any arbitrator appointed by the Governor directing the removal or modification of the tramway, or within such earlier time if any as may be limited by such order or award, the Company shall remove or modify the tramway pursuant to the directions contained in such order or award, and the Company shall make good the street in which the tramway removed or modified were or are situate to the reasonable satisfaction of the street authority thereof: Provided that if any modification which the Company may be required to make in the tramways by any such order or award shall be beyond their then existing powers, the Company shall, as soon as conveniently may be, apply to Parliament for the necessary powers to make such modification, and the provisions contained in the next paragraph shall not have effect until the expiration of three calendar months after the Bill to be introduced into Parliament by the Company in compliance with this provision shall have become law, unless such Bill shall be rejected by Parliament or withdrawn:

tramway removed or modified which may remain in their hands, either by public auction or private sale, for such price as the street authority shall think fit, and may, out or the proceeds of such sale, pay and reimburse themselves the amount of the cost certified as aforesaid, and all charges and expenses of and incidental to such sale, and the balance (if any) of the proceeds of such sale shall be paid by the street authority to the Company.

44. If at any time after the opening of the tramway for traffic the Company shall discontinue the working thereof for the space of six calendar months (such discontinuance not being occasioned by circumstances beyond the control of the Company), it shall be lawful for the street authority of any street to remove the tramway situate in such street, the working whereof shall be so discontinued as aforesaid, and the amount of the cost of such removal and making good, certified by the clerk for the time being of such street authority (whose certificate shall be final and conclusive with reference thereto), shall be repaid to the street authority by the Company on demand, and if the Company fail to pay the amount so certified within one calendar month after delivery to them of such certificate, or a copy thereof, the street authority (without prejudice to any other remedy which they may have for the recovery of the amount), may sell and dispose of the materials of the tramways removed, and apply the proceeds of such sale in manner provided by the last preceding section.
