(PART III.)

III. By compulsory mining lease.

PART I.

RESUMPTION OF PRIVATE LANDS.

6. The Governor may on behalf of the Crown from time to time provisionally resume the ownership of any private land for mining purposes, and such provisional resumption shall be effected by notice to the owner and occupier, and by Proclamation to be published
published in the *Government Gazette*, and upon the publication of such Proclamation such provisional resumption shall take effect:

Provided that no such Proclamation shall be made without the consent of the owner—

1. Unless a written application shall have been made to the Commissioner desiring the land shall be so resumed, and unless an inspector appointed under this Act shall have previously certified in writing to the Commissioner that he has examined such land, and that he is of opinion that payable reef gold exists therein, and that such land should be resumed for the purpose of mining:

2. Unless six calendar months previous notice to be given in the prescribed form and manner shall have been given by the Commissioner to the owner and also to the occupier of such land of the certificate of the inspector, and of the intention to proceed pursuant to this part of this Act, and, unless in the event of the owner being dissatisfied with such certificate, the same shall be confirmed by a mining expert appointed as hereinafter mentioned.

3. Unless there is a failure to show to the satisfaction of the Commissioner that, after the expiration of six calendar months from the giving of the said notice, the said land is being continuously and *bona fide* mined with the number of men and in the manner which would be necessary if the said land were held under a mining lease from the Crown.

4. Within one month after the certificate mentioned in subsection 11. of clause 6 has been signed, a copy thereof shall be served upon the owner and occupier, who shall be deemed to be satisfied with the same unless within one month thereafter such owner and occupier, or one of them, shall submit to the Commissioner the name of a mining expert to review such certificate. Should the Commissioner be dissatisfied with such mining expert, and be unable to agree with the owner upon some other mining expert, one shall be appointed on the application of either party by the Special Magistrate of the Local Court of Full Jurisdiction nearest to the land. The mining expert agreed upon or appointed as above-mentioned shall be deemed to have confirmed such certificate unless he shall notify to the Commissioner his dissent therefrom within one month after his appointment, or such further time as may be allowed by such Magistrate as aforesaid.

5. Within six calendar months after the publication of any Proclamation of provisional resumption, the Governor, subject to the provisions of this Act, may publish in the *Government Gazette* a further Proclamation, either revoking such provisional resumption wholly or partially, or making such resumption wholly or partially absolute, and upon
upon the publication of any such further Proclamation the private land described therein, in respect of which such resumption shall be made absolute, shall thenceforth belong absolutely to the Crown, and be Crown lands, and be dealt with accordingly, and a copy of such Proclamation shall be registered and deposited in the General Registry Office, if such land shall not have been under the provisions of any Real Property Act; but if such land shall have been under the provisions of any such Act then, notwithstanding the provisions of the Real Property Act, 1886, the Registrar-General on receipt of a copy of such Proclamation shall enter a memorial thereof, and of the effect thereof on the folium of the register-book in the Lands Titles Registration Office evidencing the title thereto, and on all instruments of title affected thereby.

9. If any provisional resumption shall be made absolute, payment shall be made by the Commissioner by way of purchase-money, and compensation for the land absolutely resumed, and for the damage thereby occasioned, as if such land had been acquired by the Commissioner under the powers of compulsory purchase contained in the Lands Clauses Consolidation Act, and the Acts amending the same.

10. Interest at the rate of Five Pounds per cent. per annum, from the date of the provisional resumption, shall be allowed on and added to the purchase-money mentioned in the preceding section and shall be paid therewith estimating from the date of provisional resumption; and in the event of any private land being provisionally resumed as aforesaid, and such provisional resumption being subsequently revoked, the owner of such private land, upon the revocation of such resumption, shall receive compensation from the public revenue of the said province for the loss and damage sustained by him by reason of such provisional resumption, which compensation the Government may recover from the person applying to have the land resumed: Provided that, in estimating the value of any land, no account shall be taken of the value of any metal removed therefrom since the provisional resumption thereof, or known or supposed to be thereon.

11. During the period of the provisional resumption of any private land, such private land may be dealt with for mining purposes, subject to the following provisions:

1. Under any mining licence that may be granted of any such land, the licencee shall pay to the Commissioner, at specified intervals, a royalty of two and a-half per cent. on the gross money value of metal raised therefrom:

2. Every such licence shall be issued subject to conditions that the licencee shall take all proper precautions for the protection of man and beast and for the preservation of timber, do no unnecessary damage to the land, crush, refine, wash, or otherwise in a miner-like manner to treat
 Mining on Private Property Act.—1888.

PART I.

12. At the end of six calendar months after the publication of any Proclamation of provisional resumption, such resumption shall cease so far as the same shall not have previously been made absolute.

13. On the cesser or revocation of any provisional resumption, payment shall be made by the Commissioner by way of compensation for the damage occasioned by such provisional resumption and by the exercise of the powers of the Commissioner exerciseable during the period thereof, and every dispute as to the amount of such compensation shall be heard and determined in a summary way by two or more Justices of the Peace, of whom one shall be a Special Magistrate.

14. Every mining lease or licence granted in respect of any private land absolutely resumed, shall be subject to the provisions contained in subdivisions 1, 2, and 3 of section 10, as affecting mining licences granted during the period of provisional resumption.

15. All royalties required to be reserved by this part of this Act and received by the Commissioner in respect of mining on private land, either provisionally or absolutely resumed, shall, after deduction by the Commissioner of a commission calculated at the rate of Two Pounds Ten Shillings per centum thereon, be payable to the person, if any, who, but for the resumption of such private land, would for the time being, have been entitled to the first right to mine thereon.

16. No allowance shall be made in the assessment of any purchase-money or compensation payable under this part of this Act, for any metal removed from any private land after any provisional resumption thereof, nor for any metal known or supposed to be thereon.

PART II.

PROCLAMATION OF PRIVATE LAND AS ALLUVIAL GOLDFIELD.

17. The Governor may, after giving six calendar months' notice to the owner and occupier of the land, and by Proclamation to be published in the Government Gazette, declare that any private land shall be an alluvial goldfield: Provided that no such private land shall be declared an alluvial goldfield, except under conditions similar to those rendered necessary in cases of provisional resumption, by subdivisions 1, 2, and 3 of section 6, but so that the certificate of the mining inspector required by the said subdivision shall refer to the existence of payable alluvial gold instead of to the existence of payable reef gold. Upon the publication of any Proclamation declaring any private land an alluvial goldfield, the following consequences shall ensue:

1. The private land, the subject of such Proclamation, shall, for all purposes of all laws in force for the time being relating to alluvial gold mining, be deemed to be Crown lands and an alluvial goldfield; and the said land, and all persons entering thereon for mining or other purposes, shall be subject to the Warden's jurisdiction, and all laws and regulations in force for the time being relating to alluvial gold mining on Crown lands shall apply to such land and persons, and persons shall be entitled to mine upon such land subject to such laws and regulations and to the provisions of this Act:

11. Every person mining upon, or occupying any claim upon, any such private land, shall pay to the Warden a weekly rent of Two Shillings therefor, in advance.

Provided as follows:

1. No person shall sink any shaft to a greater depth than one hundred feet upon any such land without the written permission of the owner of such land whereon such claim is situated, or unless such land shall have been resumed, either provisionally or absolutely; but private land declared an alluvial goldfield may be resumed without compliance with subsections 11. and 111. of section 6:

11. No person shall mine on any such land until he has obtained a special licence for mining on such land, which special licence shall be in force for one year from the date thereof, and shall be issued by the Commissioner on payment by the applicant of a fee of One Pound, and may be renewed on payment of the like fee:

111. Any person mining on or occupying any such private land without having duly paid the rent of his claim, or mining on any such land without having obtained such special licence, shall forfeit and pay a penalty not exceeding Twenty Pounds.

18. The
Mining on Private Property Act.—1888.

18. The owner of any private land declared an alluvial gold-field may, after the expiration of six calendar months from the date of the publication of the Proclamation, by written notice given to the Commissioner, require the said land to be absolutely resumed; and if such land shall not be absolutely resumed within one calendar month after the giving of such notice, such land shall thereupon cease to be an alluvial gold-field: Provided that in the case of an alluvial gold-field resumed at the request of the owner, pursuant to this section, there shall, on the issue of any lease or licence for alluvial goldmining, be reserved to the owner, in lieu of the royalties which, but for this proviso, would be payable, one-half of the rents received from licence holders working on such land. All moneys received by the warden for rent of any claims on any private land declared an alluvial goldfield pursuant to this part of this Act, shall, after payment thereout to the Commissioner of a charge calculated at the rate of Two Pounds Ten Shillings per centum thereon, be divided equally between the person who, but for such declaration, would for the time being have been entitled to the first right to mine thereon, and the person who, but for such declaration, would for the time being have been entitled to the possession of the said land. If the said person shall be entitled to the first right to mine and to possession, then the whole of such moneys, after deducting such commission, shall be paid to him.

19. One-half of the special licence fees provided for by proviso 2 of section 16 shall be retained by the Commissioner, and the remainder shall be disposed of in manner provided by section 17 in regard to moneys received for rent after deducting commission.

20. The Governor may, by Proclamation to be published in the Government Gazette, declare that any private land declared to be an alluvial goldfield, shall cease to be a goldfield, and upon the publication of such Proclamation, all powers arising by virtue of the original declaration shall cease to be exerciseable. If any land absolutely resumed pursuant to this Act shall cease to be used for mining purposes for six calendar months the Commissioner may sell the same, but the person who but for such resumption would have been the owner shall have the prior right to purchase such land, and in the event of such person exercising such right the price to be paid therefor shall be the amount paid on resumption.

PART III.

COMPULSORY MINING LEASES.

21. Any person may apply in the prescribed form and manner to the owner of any private land to grant to him a mining lease of any portion of such land in a prescribed shape, not exceeding twenty acres for gold mining.

22. The
22. The owner of the private land referred to in any such application shall be entitled in the prescribed manner and within the prescribed time, to refuse to grant a mining lease thereof, but, in the event of his so refusing, and the inspector having previously certified in writing that he has examined such land, and that he is of opinion that payable metal exists therein, and that such land should be resumed for the purpose of mining, such owner shall, after two months from the date of such application, continuously and bona fide mine the land, the subject of such application, with the number of men, and in the manner which would be necessary if the said land were held under a similar mining lease from the Crown, and if he shall not so mine the said land the owner shall have no further right to refuse to grant any mining lease for which any person may apply in the prescribed form and manner in respect of the same land. The certificate of the inspector in this section mentioned shall be subject to review, disallowance, and confirmation, in the same manner as the certificate mentioned in subsection 11. of clause 6, and clause 7.

23. In the event of the owner of any private land in respect whereof an application for a mining lease shall be duly made, not refusing in the prescribed manner and within the prescribed time to grant a mining lease, or not being entitled to refuse to grant the same, the following consequences shall ensue:

i. Should such owner and such applicant agree upon the terms of such mining lease, such lease shall be granted accordingly:

ii. Should no such agreement be come to, such owner shall, subject to the provisions of this Act, grant to such applicant a mining lease of the private land the subject of such application at a royalty at the rate of two and a half per cent. on the gross money value of metal raised from such land during the currency of such lease:

iii. There shall also be reserved in such lease a rent for the surface of the land, to be assessed by the Local Court of Full Jurisdiction nearest in a direct line to the land the subject of the application:

iv. Such lease shall be for the term of twenty-eight years, and shall comprise a convenient right of way to the land to be leased, and shall contain all such powers and provisions as shall be prescribed; and shall also contain proper provisions compelling the lessee to take all proper precautions for the preservation of timber and for preventing any unnecessary damage to the land or injury to man or beast:

v. Every such lease shall contain a right of re-entry by the owner of the private land the subject of the lease, on non-payment of rent or royalty or breach of covenant by the lessee for such time as may be prescribed.

Provided
Provided as follows:

1. In assessing the rent to be reserved by any such lease the Local Court assessing the same shall take into consideration any special damage to the land, or to any adjacent land, likely to be caused by mining or by obtaining access to the land:

11. In the event of the Local Court, which shall assess any such rent, being of opinion that any special injury is likely to arise to any private land by reason of any mining lease being granted, such Local Court may order that such land shall be purchased in the prescribed manner by the applicant for such lease:

111. There shall be an appeal in the prescribed manner to the Supreme Court against the decision of any Local Court:

1111. In the event of any applicant for a mining lease being dissatisfied with the rent assessed, or in the event of his being unwilling to purchase any land pursuant to the order of any Local Court, it shall be lawful for such applicant to give notice in the prescribed form to the owner of such private land abandoning his claim to such lease or purchase:

v. The costs of all proceedings in any Local Court or Supreme Court, in respect of the matters herein referred to, shall be paid by the applicant for the lease:

vi. In any case in which the metal in any private land shall be reserved, or shall be the property of the Crown, no mining lease of such land shall be granted pursuant to this part of this Act without the consent of the Commissioner, and proper royalties shall be reserved to the Commissioner by every such lease.

24. Should the owner of any private land, not being entitled so to do, neglect or refuse to grant a mining lease pursuant to the provisions hereof, and refuse to sell his land, the Master of the Supreme Court shall, subject to the provisions of this Act, grant such lease in the prescribed form, and such lease, when duly executed by the Master of the Supreme Court and by the lessee, shall, on application, and on payment of the prescribed fees, be registered by the Registrar-General on the folium of the register book constituting the title to such land without requiring the production of the land grant or certificate of title to such land, should such land be under the operation of the "Real Property Act, 1886," and, in the case of land subject to the general law of conveyancing, such lease shall, on payment of the prescribed fees, be registered in the General Registry Office for the registration of deeds; and, immediately on such registration, the term of years granted thereby shall vest in the lessee, and the lease shall have effect in all respects as if the same had been executed by the owner of such private land: Provided as follows:

1. The owner of such private land shall, in the event of his refusal
refusal to grant such lease as aforesaid, such refusal not proceeding from incapacity, pay all the costs connected with the obtaining and granting such lease:

11. The Master of the Supreme Court shall from time to time, until the owner of the private land comprised in such lease ratifies the same, hold the rents and royalties received under such lease upon trust for the owner of such private land; but shall be entitled to deduct therefrom a charge of Two Pounds Ten Shillings per centum for the cost of collecting the same, and the Master of the Supreme Court shall not be required to invest any accumulations of rent or royalty.

General.

25. The Governor may appoint any qualified persons inspectors under this Act, and any inspector may enter upon, examine, and report upon any private land at any convenient time during the day; but at least eight clear days' written notice shall be given to the occupier, if any, of the property, giving the name of the inspector, and the time of the visit before such examination is made.

26. The Governor may, from time to time, make, alter, annul, vary, or amend the regulations in the Schedule to or made under the authority of this Act, or any of them, or may, from time to time, make other regulations in lieu thereof, or in addition thereto, for carrying into effect the provisions of the Act: Provided that all regulations made under the authority of this Act shall be laid before both Houses of Parliament within twenty-one days after the same have been made, or if Parliament be not then sitting, within twenty-one days after the commencement of the next ensuing session thereof; and, if an address be presented to the Governor by either House of Parliament within the next subsequent twenty-one days on which the said House shall have sat, praying that the regulations or any portion thereof may be annulled, the Governor shall thereupon annul such regulations or any portion thereof, as the case may be, and the same shall thenceforth become void and of no effect, but without prejudice to the validity of any proceedings which may in the meantime have been taken under the same.

27. Within twenty-one days after the giving of any notice of intention to provisionally resume any private land, or to declare any private land a goldfield, if Parliament shall then be sitting, or, if Parliament shall not then be sitting, then within twenty-one days after the commencement of the next session thereof, a return shall be laid before both Houses of Parliament showing the land proposed to be resumed or declared a goldfield and the names of the owners thereof.

28. Save as herein expressly provided, no claim shall be made for any payment for purchase-money, compensation, rent, royalty, or otherwise
otherwise, or on account of the exercise of any power conferred on
the Governor or the Commissioner, and in any case in which any
metal or any private land shall be reserved to, or shall be the
property of, the Crown, no royalty reserved in respect of such metal
will be payable to any private person under this Act, but the same
shall be wholly paid to the Commissioner, and one-half of all rents
payable under Part II. of this Act shall be paid to the Commissioner
in any such case, in lieu of the charge therein provided.

29. All provisions of this Act relating to metal shall extend to
all metals associated with or containing gold, which it shall be
necessary or proper to remove, or treat, in the ordinary course of
mining for gold.

30. For the purposes of this Act private land shall be deemed
to be mined with the necessary number of men, if, on the area held
by any one proprietary, in one block or contiguous blocks, there
shall be altogether employed the number of men which would be
necessary if the whole of such land were held under mining leases
from the Crown.

In the name and on behalf of Her Majesty, I hereby assent to
this Bill.
