Contributions covering a wide range of archaeological interests are sought, but some special categories are:

Fieldwork Calendar: This is designed to put researchers about to depart on fieldwork in touch with other members who may be able to render assistance, such as labour on an excavation, or who would simply like to visit a site for the sake of interest. Fieldworkers are asked to send in full details of their project, including location, dates, research aims and an indication as to whether visits to the site by other members are practical.

Employment opportunities: Situations vacant and wanted will be listed if the information is sent in.

Research reports: Summaries of research in various fields by correspondents.

Bibliography: A list of current publications.

Notes and Comments: A section for general discussion and expression of opinion.
